

**Inter Spinal Unit Games  
19<sup>th</sup> April 2012**

Vanessa Kemp and Simon Rees, who are both heavily involved with the firm's work with personal injury clients, recently attended the Inter Spinal Unit Games at Stoke Mandeville. As part of a great day, they had the opportunity to be photographed with the Paralympic torch and Simon presented one of the day's prizes.

The New Quadrant Foundation has also made a donation to WheelPower, a charity focussed on transforming lives through sport, which organise the Games. We intend to support the Games again in the future.
